

TAX EQUALIZER OFFICE

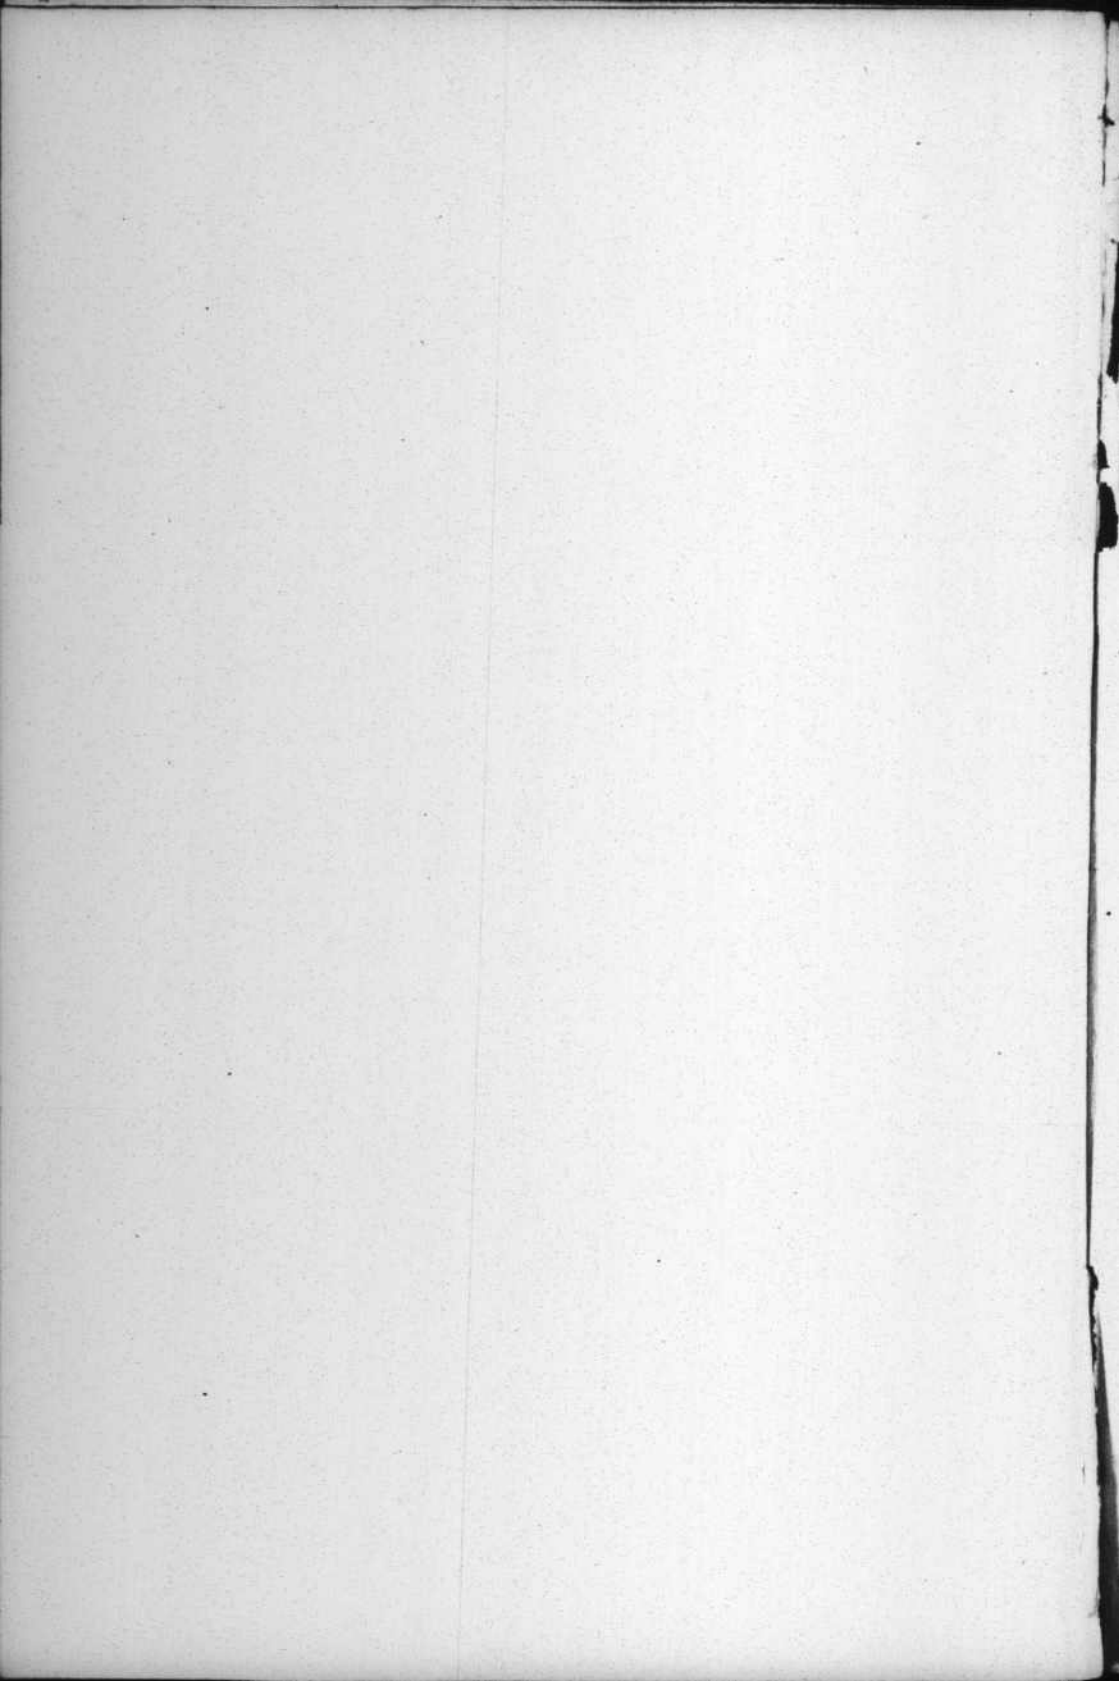

TAX EQUALIZER OFFICE

ERRATA.

The first paragraph under the head "Pensions," on page VII, should read:

"On the first day of January, 1914, there were 5,191 pensioners on the roll, and during the year 1914 there were 324 applications approved, making a total of 5,515, from which must be deducted 381 pensioners who died during the year, leaving 5,134 pensioners on the roll January 1, 1915. This is a slight reduction in the number as compared with the number of January 1, 1914, but, notwithstanding this reduction, the expenditures for pensions during the year were materially increased as compared with the previous year."

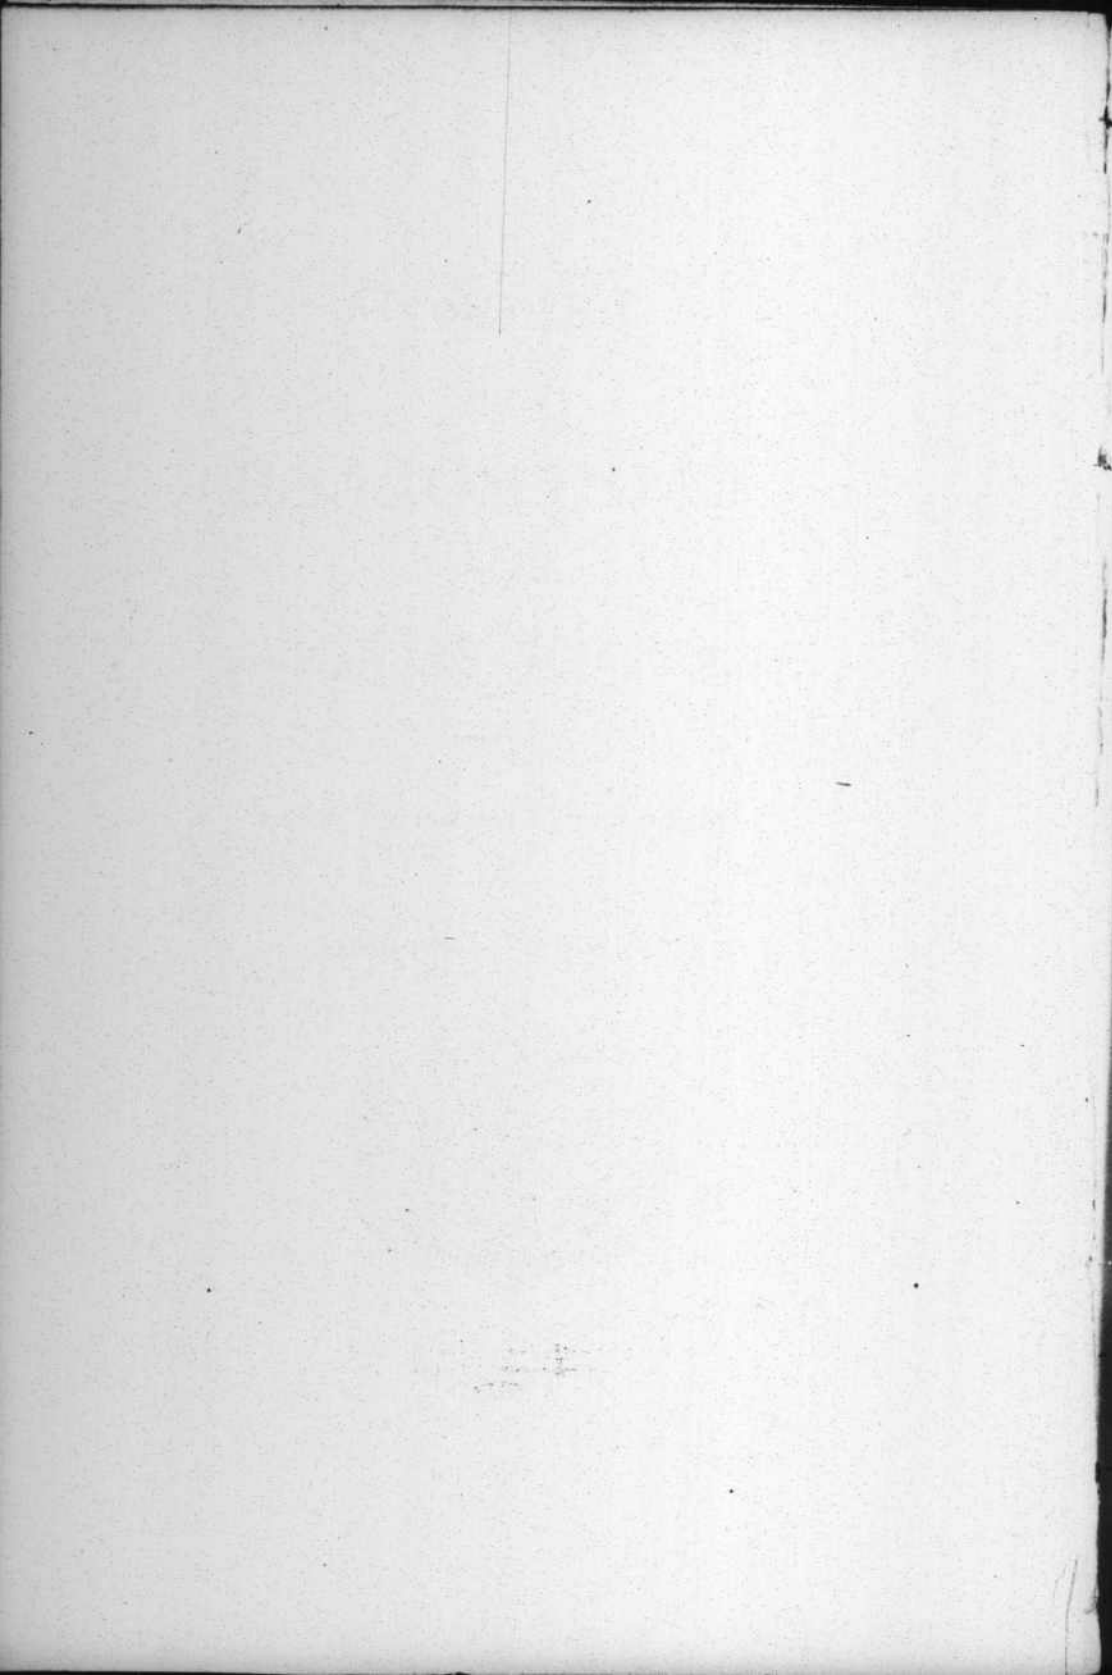

REPORT
OF THE
COMPTROLLER
OF THE
STATE OF FLORIDA
FOR THE
Year Ending December 31, 1914

W. V. KNOTT, Comptroller

**T. J. Appleyard, State Printer,
Tallahassee, Florida.**

REPORT OF COMPTROLLER, 1914.

Comptroller's Office, State of Florida,
Tallahassee, January 1, 1915.

Hon. Park Trammell,
Governor of Florida.

Sir:—

In pursuance of the requirements of law I have the honor to present herewith a report of the financial condition of the State, and of the operation of this office, for the fiscal year ending December 31, 1914.

FINANCIAL CONDITION.

The finances of the State are in a very satisfactory condition, as will appear by the tabulated statements appearing elsewhere in this report.

On January 1, 1915, there was an aggregate balance covering all funds of One Million, Five Hundred and One Thousand, One Hundred and Fourteen Dollars and Forty-two Cents (\$1,501,114.42), and the General Revenue Fund, from which the current expenses are paid, had a balance of \$346,890.06, which is an increase of \$95,482.76 over the balance on hand in this fund January 1, 1914. This fund will be increased during the year 1915 by the receipts from the taxes assessed for the year 1914, and from State licenses and various other sources indicated by the statement of receipts for 1914, as shown in this report, thereby furnishing the money to meet the current expenses for the year 1915.

INCREASE IN TAXABLE VALUATIONS.

The aggregate valuation of all property assessed for ad valorem taxation for each of the past three years, was as follows:

1912	\$212,887,518.
1913	234,353,846.
1914	285,860,875.

BANKS AND TRUST COMPANIES.

The report of the Banking Department, which is printed separately, contains statements of the resources and liabilities of the different banking, and banking and trust companies, as well as private banks, and attention is invited to this report.

TAX CERTIFICATES.

The Legislature of 1901 passed an Act, Chapter 4890 of the Laws of Florida, in which provision was made for the cancellation of all tax certificates held by the State covering land sold to the State for unpaid taxes assessed on real estate for any year prior to the year 1877, and I would suggest that it might be advisable for the Legislature to provide for the cancellation of such certificates as may still be held by the State for taxes assessed for the year 1892 and previous years, as a great many of the tax certificates issued prior to that time have not been redeemed on account of imperfect descriptions, and the land is either omitted from the assessment roll on account of such sales, or has been regularly assessed and the taxes paid thereon for subsequent years. In some instances the Court Houses have been destroyed, and in others, particularly during the early part of the period that would be covered by the proposed Act, the records have become unintelligible by reason of frequent handling. If provision was made for the cancellation of the tax certificates, as indicated above, there would still be tax certificates outstanding, dating back over a period of twenty years.

There is now in course of preparation in this office a complete abstract of all land sold to the State for unpaid taxes, including a complete system of index file cards, which will prove to be of great service, as it will develop errors and enable this office to ascertain promptly at any time all of the tax certificates held by the State in any

county, on any particular tract or parcel of land, and thereby be in position to furnish the Tax Assessors with the information necessary to comply with the law, which requires that all land sold to the State for unpaid taxes, and not redeemed or purchased therefrom, shall be entered on the assessment roll, with the valuation thereof, without extending any taxes thereon, and also to pass upon the reports of the redemption and sale of tax certificates made to this office monthly from each county in a more accurate manner.

LICENSE TAX ON TANK AND REFRIGERATOR CARS.

Section 46 of Chapter 6421 of the Laws of Florida provides for a State license tax of Five Hundred (\$500.00) Dollars to be paid by any corporation, firm, company or association owning, controlling or operating refrigerator or tank cars, or both, on or over any railroad, or part thereof, or leasing or renting any such cars to any other corporation, firm, company, or association, to operate or transport freight on or over any railroad or part thereof in this State, and exempts railroad companies owning their own cars and operating the same, and having paid the license tax provided to be paid by railroad companies.

This provision of the license law should be amended in such manner as would provide for a more equitable distribution of this tax, as the present law makes no distinction between the amount to be paid by a holding company controlling a large number of tank and refrigerator cars operated by the largest oil company and numerous packing houses, and a company that operates only a very few cars during the entire year and derives only a very small revenue therefrom.

CHAPTER 6428—COUNTY FINANCES.

Appended hereto will be found a series of statements condensed and consolidated from the reports of the County

Commissioners and Clerks of the Circuit Courts for the two six months periods from July 1, 1913, to June 30, 1914, showing the receipts and disbursements and the balances and outstanding warrants for each fund by counties and a table of the per capita expenditure on each of the several accounts based upon the United States Census of 1910. The detailed reports made under this Chapter 6428 are on file in this office and in the offices of the various Circuit Clerks subject to inspection by the public at all times, and a condensed statement of each of the periods has been published in a newspaper in the county to which they apply.

There is now in use in each County of the State a uniform and comprehensive method of accounting and the condensed statements published in each County every six months in compliance with the provisions of the Act, have given to the citizens and tax payers the opportunity to become cognizant of the financial condition of their respective counties, and to know something more of the sources and amounts of the public revenues, and the purpose and character of the disbursements thereof. This publicity of the financial transactions has already resulted in a tendency towards more economical administration of County affairs.

In connection with the reports under this Chapter, I have had occasion to make frequent comments calling attention to errors in the payment of expenses from the wrong funds and the expenditure of monies for purposes not authorized by law, and the discontinuing of such practices has resulted in a large saving of public funds. The work has been considerably handicapped by the lack of sufficient clerical force to make fully efficient the complete purpose of the law,—only one clerk being provided for in making the appropriation to carry out the provisions of the Act.

INVESTMENT COMPANIES, CHAPTER 6422.

("BLUE SKY LAW.")

The enforcement of this Law has had my careful attention during the past year. Of the companies applying for "statements" under its provisions, a number did not come up to the requirements and have been denied authority to sell their stock, bonds and other securities in this State.

A repetition of the following contained in my report for the year 1913 may not be amiss, "but the main and greatest good accomplished by this law lies, not in the number of companies admitted or rejected, but in the fact that so many of that class of companies at which the law was particularly aimed,—companies organized solely for promotion of stock sales—which heretofore found the State of Florida a fruitful field, now steer clear of the law and do not attempt to comply with its provisions, or to conduct their swindling operations in the State. In this way this law has accomplished great good, and thousands of dollars have been saved to the people of the State by its enactment."

The Supreme Court of Florida, in "Ex Parte Taylor", on July 8, 1914, rendered a decision upholding this law and declaring it constitutional. This decision will be found in the 68th Florida Reports.

PENSIONS.

On the first day of January, 1914, there were 5,191 pensioners on the roll, and during the year 1913, there were 324 applications approved, making a total of 5,515, from the year, leaving 5,134 pensioners on the roll January 1, 1915. This is a slight reduction in the number as compared with the number on January 1, 1914, but, notwithstanding this reduction, the expenditures for pensions

VIII.

during the year 1914 were materially increased as compared with the previous year.

The pension payments during the year 1913 amounted to \$618,897.24, and the payments for 1914 amounted to \$723,587.51, showing an increased expenditure of \$104,690.27. This increase was due in a large measure to the fact that a great many of the pensioners became too old and infirm to earn a livelihood by manual labor, and after due proof thereof, had their pensions increased to the maximum amount allowed by the Acts of 1913.

CONCLUSION.

Particular attention is called to the detailed statements hereto annexed, showing the business transacted in the different departments of this office, which are respectfully submitted as a part of this report.

W. V. KNOTT, Comptroller.

ESTIMATED APPROPRIATIONS.

Estimate of the current expenses of the State Government for six months from July 1 to December 31, 1915. The figures given are based upon the estimates made by the heads of the different departments.

OF THE
STATE OF FLORIDA

BANKING DEPARTMENT

December 31, 1914

W. V. KNOTT, Comptroller

T. J. APPELYARD, STATE PRINTER,
TALLAHASSEE.

BANKING DEPARTMENT.

W. V. KNOTT,
Comptroller.

W. M. McINTOSH, JR.,
Chief Clerk.

Bank Examiners.

E. P. THAGARD.

B. C. WHITFIELD.

PALMER ROSEMOND.

REPORT.

Tallahassee, Fla., January 1st, 1915.

Hon. Park Trammell,
Governor of Florida.

Sir:—

I have the honor to submit herewith my report of the Banking Department of the State of Florida, for the year ending December 31st, 1914.

CONDITION OF THE BANK AND TRUST COMPANIES.

During the year 1914, the banking institutions of this country had to contend with an unprecedented condition of affairs brought about by the War in Europe and it is a source of satisfaction to note from the condition of the State banking institutions as shown on December 31st, 1914, that the most critical period had been passed leaving these institutions generally in good condition, and that notwithstanding the money stringency that existed for sometime, only four State banking institutions were placed in involuntary liquidation during the past exceptional year.

The National Reserve Banking System, and the renewed confidence of the people based thereon and upon a better understanding of actual conditions, together with the increasing activities along all lines of endeavor, have brought about a feeling of security, and with the experience of the past year as a guide to future actions, it is believed that this country is on the eve of great prosperity, which being achieved within the light of past experience, will be founded upon a most substantial basis.

The policy pursued by this department is to endeavor and to use every effort to prevent failures, and in pursuing this course great good has resulted and much loss has been prevented. The result of activities along this line are of course never made known, and consequently, the people are not advised as to the failures that have been prevented, but are fully informed in every case where the utmost efforts of this department are not rewarded with success and failures occur.

During the past twenty-five years there were fourteen (14)

failures of State banking institutions, and the fact that four (4) of these occurred last year was due to the financial stringency and business depression that existed during a part of the year.

INCREASE IN STATE BANKING AND TRUST COMPANIES.

During the year 1914, authority was granted to twelve (12) Banking Companies, and three (3) Banking and Trust Companies, making fifteen (15) new companies. Three State banks have changed to National banks and four State banks were placed in involuntary liquidation, and one State bank consolidated with a National bank.

PRIVATE BANKERS.

The law provides that the Comptroller shall exercise supervision over persons engaged in the Private Banking business by causing them to make reports and by having the business examined into by the State Bank Examiners, but no requirements are provided by law for the conduct of such business, and there is nothing in the law to prevent any person from engaging in business as a private banker without one dollar of capital. It can be readily seen that under such conditions the supervision thereof can not be made effective, and afford the desired protection.

BANK EXAMINATIONS.

During the year the Bank Examiners have rendered valuable assistance to banks when special attention was necessary and good results have followed.

The number of examinations made during the year was 428.

On January 1st, 1914:

The number of State Banks.....	175
The number of State Savings Banks.....	5
The number of Trust Companies.....	10
	<hr/>
	190

Add increase in 1914:

State Banks	12
Trust Companies	3
	<hr/>
	205

TAX EQUALIZER OFFICE

Deduct Decrease in 1914:

State Banks changed to National Banks...	3	
Involuntary liquidation	4	
Consolidated with National Bank.....	1	8

Number January 1st, 1915.....	197
-------------------------------	-----

Add Private Banks	15
-------------------------	----

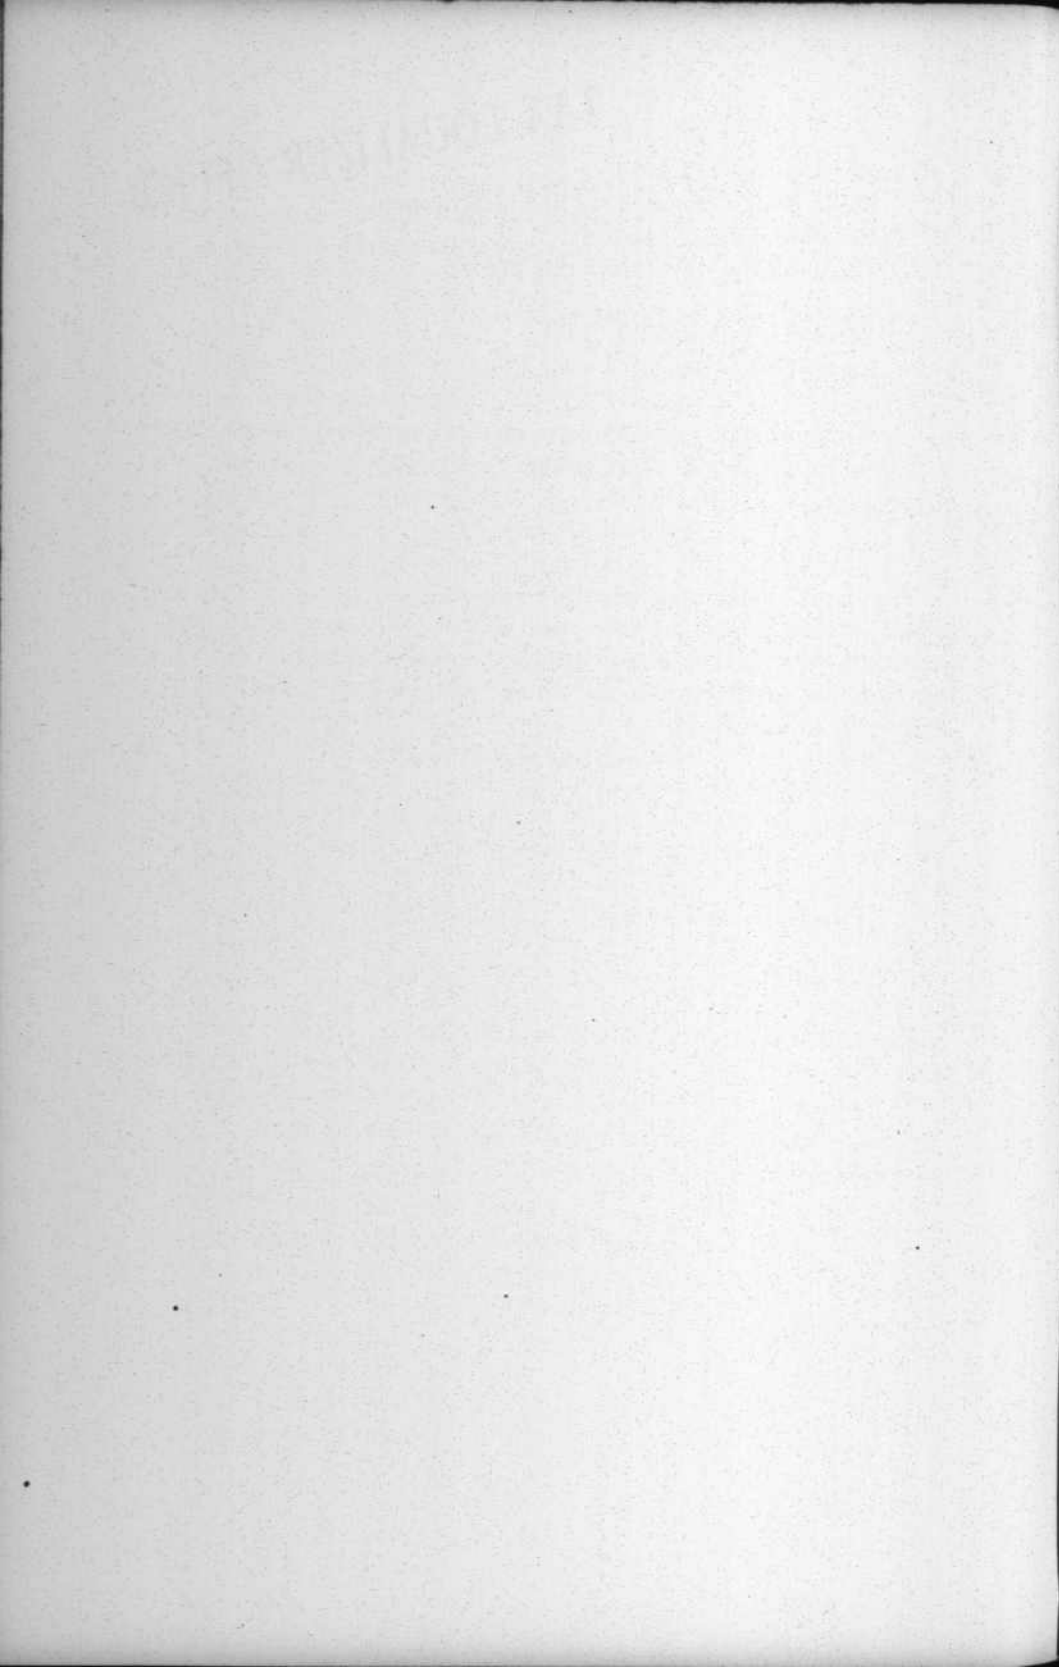

Total number of Banks under supervision of Comptrollers' office January 1st, 1915.....	212
---	-----

CONCLUSION.

The bank officials generally were forced to face a trying ordeal during a part of last year and they deserve the highest commendation for the conservatism exercised, thereby contributing so much to the confidence of the people and the restoration of normal conditions.

Respectfully submitted,

W. V. KNOTT,
Comptroller.

Banking and Trust Companies Authorized to Commence Business in 1914.

The following list contains the name, location, amount of Capital Stock and date authority was issued to the Banks and Trust Companies to commence business.
